Curriculum Overview - Empathy (MS)

- Empathy is the ability to understand and share the feelings of another
  - “put yourself in other people’s shoes.”
- When students develop empathy:
  - They can intellectually understand what others are feeling (“cognitive empathy”)
  - They can emotionally sympathize with others (“emotional empathy”)
  - They can be moved to help others (“compassionate empathy”)
- By explicitly teaching students to be more conscious of other people’s feelings, a more accepting and respectful school community can be created:
  - Students are open/aware of other perspectives
    - More socially responsible
    - Better able to cope with peer challenges.

Curriculum Overview: Problem Solving (BL)

Unit 3 of the MPS School Counseling Curriculum

Will focus on problem-solving skills in the context of social and interpersonal relationships. Anti-Bullying falls under this unit.

Sample Lesson Activity: Conflict Scenario. Identify a conflict in neutral terms and stating the problem without blaming.

STEP SONG:

Say the problem,

Think of Solutions,

Explore Consequences,

Pick the best Solution
Recommendations/Suggestions (MS)

- Conflict is normal
- Validate feelings, shape behavior
- Let your child fail, it builds resilience
- Reward effort, not achievement
- Allow your child to self advocate, even your young ones
- Allow your child to experience natural consequences
- Digital citizenship
